JONIK NDOVU FARM

Sources & uses — verification worksheet

Fixed total capital requirement: US$2,400,000, including the proposed acquisition of approximately 7 additional hectares.

Use of funds	Amount (USD)	Required evidence
Land acquisition + transaction costs	To be verified	Written offer, title, legal and transfer costs
Construction + infrastructure	To be verified	Quantity-surveyor cost plan
FF&E / OS&E	To be verified	Supplier-backed schedule
Design, professional fees + approvals	To be verified	Consultant proposals / approvals matrix
Pre-opening + working capital	To be verified	Operator staffing and ramp-up budget
Contingency	To be verified	QS recommendation based on design maturity
TOTAL USES	Must equal $2,400,000	Reconcile before investor circulation

Do not fill these rows with invented estimates. The total must be supported by current land terms, a professional cost plan, supplier pricing, fee proposals, contingency and working capital.
