JONIK NDOVU FARM

Version 3.0 — Visual direction board

Creative direction

Palette: deep savannah green, warm cream, earth/sand, muted gold. Design language: low-density, climate-aware, natural materials, quiet luxury, landscape-led spaces and a farm-to-table identity.

Visual use note

The supplied board is AI-generated and is useful to communicate mood and aspiration only. It is not a site-specific rendering, approved masterplan, surveyed land boundary, actual view, verified wildlife image, architectural specification or cost estimate. Commission a registered architect/landscape designer to convert the brief into accurate site-specific visuals.
